# THE POWER OF THE SUN: EXPLORING THE BENEFITS OF SOLAR ENERGY!

1) What is the Sun Squad?

2) What kind of machines did the Sun Squad create using solar power?

3) What government organization did the Sun Squad contact for emergency approval?

4) Why do you think the power company was against the use of solar-powered machines in the town of Sunville?

5) How do you think the use of solar-powered machines impacted the people of Sunville in the long term?

6) What are some other ways that solar energy can be used to benefit communities in need?

7) Create an illustration that details the path of a photon from the sun to a solar panel and lighting up a home. Label each part of the diagram.
